Black Bear G.C. Hole Names

The names of our holes correspond to the Ojibwe (Chippewa) term for the number of the hole.
Example: bezhig = one, niizh = 2, niswi = 3 and so on.

Ojibwe is the heritage language of more than 200,000 Ojibwe people who reside in the United States and Canada. Ojibwe Country primarily extends from Quebec, across Ontario and Manitoba to Saskatchewan in Canada, and from Michigan, Wisconsin, Minnesota and North Dakota in the United States. Ojibwe is an endangered language. Ojibwe people understand that fluent speakers of the language have a wisdom that represents an accumulated knowledge of many generations. The Ojibwe language can explain why we must respect the earth and take responsibility for caring for the land, water, and its resources.

Black Bear G.C. is owned and operated by the Fond du Lac Band of Lake Superior Chippewa.
